REVISED FINAL RISK ASSESSMENT AND FATE AND TRANSPORT REPORT

Dear Ms. Hacker and Mr. Carpenter:

Ebasco is pleased to submit this revised Final Risk Assessment and Fate and Transport Report for the Hooker Chemical/Ruco Polymer site. The final submittal has been revised, incorporating the comments received from EPA dated September 29, 1992. The report is based on the data contained in the computer diskettes transmitted to Ebasco, the information contained in the Remedial Investigation Report dated April 1990 prepared by Leggette, Brashears and Graham Inc. (LBG) and the exposure pathways analysis report prepared during this risk assessment by Ebasco dated April 1992.

Please return the acknowledgement of receipt form attached to this letter and if you have any comments or need any assistance in your review of this document, please feel free to call me at (201) 460-6434 or the Site Manager, K. Subburamu at (201) 460-6028.

Sincerely yours,

Dev R. Sachdev
